Veritas Next Edge Premium Yield Fund

Semi-Annual Management Report of Fund Performance – 2025 For the six months ended June 30, 2025

This semi-annual management report of fund performance contains financial highlights but does not contain the complete unaudited semi-annual financial statements of the Veritas Next Edge Premium Yield Fund (the "Fund"). You may obtain a copy of the unaudited semi-annual financial statements at your request, and at no cost, by calling (416) 775-3600 or toll-free at (877) 860-1080, by writing to us at Next Edge Capital Corp., 18 King Street East, Suite 902, Toronto, Ontario, M5C 1C4, Canada or by visiting our website at www.nextedgecapital.com or SEDAR+ at www.sedarplus.ca.

Unitholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

Caution Regarding Forward-looking Statements

Certain portions of this report, including but not limited to, "Results of Operations" and "Recent Developments", may contain forward-looking statements about Veritas Next Edge Premium Yield Fund, including its strategies, risks, expected performance and condition. All statements, other than statements of historical fact, that address activities, events or developments that Next Edge Capital Corp. (the "Manager") believe, expect or anticipate will or may occur in the future (including, without limitation, statements regarding any targeted returns, projections, forecasts, statements and future plans and objectives of the Fund) are forward-looking statements. These forward-looking statements reflect the current expectations, assumptions or beliefs of the Manager based on information currently available to the Fund.

Forward-looking statements are subject to a number of risks and uncertainties that may cause the actual results of the Fund to differ materially from those discussed in the forward-looking statements, and even if such actual results are realized or substantially realized, there can be no assurance that they will have the expected consequences to, or effects on the Fund.

Factors that could cause actual results or events to differ materially from current expectations include, among other things, changes in international financial and commodities markets, fluctuations in currency exchange and interest rates, illiquidity of portfolio investments, reduction in availability of leverage, default by counterparties, special risks arising from short sales and investments in forward contracts and other derivatives, unintentional trades, accuracy of analytical models, valuation risks, limitations on redemptions, tax consequences, changes in applicable laws and other risks associated with investing in securities and those factors discussed under the section entitled "Risk Factors" in the Fund's simplified prospectus.

Any forward-looking statement speaks only as of the date on which it is made and, except as may be required by applicable securities laws, the Manager and the Fund disclaim any intent or obligation to update any forward-looking statement, whether as a result of new information, future events or results or otherwise. Although the Manager believes that the assumptions inherent in the forward-looking statements are reasonable, forward-looking statements are not guarantees of future performance and accordingly undue reliance should not be put on such statements due to the inherent uncertainty therein.

Veritas Next Edge Premium Yield Fund Semi-annual management report of fund performance – June 30, 2025 Management discussion of fund performance

Investment Objective and Strategies

Veritas Next Edge Premium Yield Fund (the "Fund") is a unit trust established as a trust under the laws of the Province of Ontario and governed by a declaration of trust dated October 15, 2021 made by Next Edge Capital Corp. ("Next Edge"), in its capacity as trustee of the Fund. The Fund is divided into units of participation ("Units") representing an interest in the Fund held by Unitholders. The Fund has three classes of Units: Class A Units, Class F Units, and Class I Units.

The Fund started investing according to its investment objective on June 27, 2022.

Investment Objective

The Fund seeks to provide long term growth of capital and income by investing primarily in equity securities of Canadian issuers and to provide monthly cash distributions. The Fund will engage in covered option writing strategies to enhance the yield of the Fund's investment portfolio.

The Fund will not change the investment objectives of the Fund without the approval of a majority of Unitholders.

Investment Strategies

The Fund seeks to achieve its investment objective by investing primarily in a portfolio of securities selected by Veritas, which is based upon independent equity research provided by its affiliate, Veritas Investment Research Corporation (referred to as the "Veritas Portfolio").

Next Edge has retained Veritas as sub-advisor to the Fund in order to provide recommendations on the construction of the Fund Portfolio (as defined below). Next Edge is ultimately responsible, however, for all final decisions in respect of security selections for the Fund and is its Portfolio Manager. The Portfolio Manager will utilize the Veritas Portfolio to select issuers for investment in by the Fund (the "Fund Portfolio"). For investment purposes, equity securities are considered to include common shares and convertible securities of corporations along with other equity-like securities. The Portfolio Manager will review the Veritas Portfolio regularly and changes to the Fund Portfolio may be made with such frequency as the Portfolio Manager determines in its sole and absolute discretion, but at a minimum on a quarterly basis.

The securities held in the Fund Portfolio and those comprising the Veritas Portfolio may differ from time to time due to a number of factors including, but not limited to, allocations, cash flows, asset size and the timing of purchases and redemptions Units of the Fund relative to the changes to the Veritas Portfolio. As well, the Portfolio Manager will take into account tax, regulatory, income generation and other considerations when making investment decisions on behalf of the Fund and may deviate from the composition of the Veritas Portfolio as a result. Lastly, the Fund may not be fully invested at all times and may hold short term debt instruments, cash or cash equivalents in respect of its cash positions.

The Portfolio Manager and Veritas have entered into a sub-advisory agreement pursuant to which Veritas will provide securities recommendations to the Portfolio Manager based on the Veritas Portfolio as the same may be updated from time to time but, at minimum on a quarterly basis, no later than the last trading day of each calendar quarter to assist the Portfolio Manager in making its investment selections in relation to the Fund Portfolio.

The Fund Portfolio will be rebalanced at a minimum quarterly, no later than the last trading day of each calendar quarter, to an equal weighting of all Fund Portfolio investments. From time to time, the Portfolio Manager may use covered option writing strategies on the securities in the Fund Portfolio to generate additional income and reduce risk in the Fund Portfolio. Such option writing shall not exceed 30% of the Fund's Net Asset Value at any time.

The Fund may invest in or use derivatives for hedging and non-hedging purposes in a manner consistent with the investment objective of the Fund and as permitted by applicable securities legislation. The Fund may utilize currency hedging to minimize the foreign currency risk associated with holding foreign securities. Derivatives to be used by the Fund may include, but are not limited to, non-exchange traded options, forward contracts, futures contracts and swaps.

Veritas Next Edge Premium Yield Fund

Semi-annual management report of fund performance – June 30, 2025 Management discussion of fund performance (continued)

The Fund may enter into securities lending, repurchase and reverse repurchase transactions to earn additional returns, subject, in each case, to limits at least as stringent as those required by Canadian securities regulatory authorities.

The Fund may depart temporarily from its fundamental investment objectives and will likely invest in cash or cash equivalents in the event of adverse market, economic, political or other considerations.

The Fund is managed by Next Edge Capital Corp. (the "Manager"). The custodian, registrar, transfer agent and valuation agent of the Fund is RBC Investor Services Trust. The registered office of the Fund is located at 18 King Street East, Suite 902, Toronto, Ontario, Canada, M5C 1C4.

Risk

The Fund started investing according to its investment objective on June 27, 2022. Effective June 27, 2022, an investment in the Fund is subject to certain risk factors relating to the Fund, as detailed in its Simplified Prospectus. During the period ended June 30, 2025, there were no changes to the Fund that materially affected the overall risk level associated with an investment in the Fund.

Results of Operations

The Fund experienced an increase in its net assets during the six months ended June 30, 2025:

Class of redeemable units	June 30, 2025 NAV per unit (CAD) ¹	December 31, 2024 NAV per unit (CAD) ¹	% return for the period ended June 30, 2025 ¹
Α	11.83	11.17	8.60%
F	12.24	11.49	9.21%

1. Net assets attributable to holders of redeemable units ("NAV", or "Net Assets").

Since the Fund's inception, our investment goal has been to deliver consistent distributions, steady capital appreciation, and reduced volatility. This allows our investors to earn an attractive yield while diversifying their equity exposures and smoothing their portfolio returns.

From inception through the end of June 30, 2025, we are pleased to report that the Fund has achieved an 11.96% annualized return with 13% lower volatility than the S&P/TSX index.

The Fund has continued to deliver on this mandate in 2025, returning 9.21% through mid year. As in prior periods, Veritas' research-driven, bottom-up approach to stock picking has identified unique opportunities across a variety of sectors and market capitalizations.

The Fund's biggest contributors included gold producers Wheaton Precious Metals (S&P/TSX, NYSE: WPM), Agnico Eagle Mines (S&P/TSX, NYSE: AEM), and Barrick Mining (S&P/TSX: ABX, NYSE: B). We also received outsized contributions from Bombardier (S&P/TSX: BBDb), AtkinsRéealis (S&P/TSX: ATRL), Toronto Dominion Bank (S&P/TSX, NYSE: TD), Loblaw Companies (S&P/TSX: L) and Metro (S&P/TSX: MRU).

Looking ahead, North American equity valuations are high by historical standards; however, they are underpinned by very strong labor market conditions and long-term expectations for double digit earnings growth. In our view, the passage of the latest U.S. budget bill signals the country's intention to continue running large scale deficits well into the future, which risks reigniting inflation and driving bond yields higher.

Veritas Next Edge Premium Yield Fund Semi-annual management report of fund performance – June 30, 2025 Management discussion of fund performance (continued)

We are watching economic conditions closely as consumers attempt to navigate the go-forward impacts of U.S. tariffs and companies adjust their guidance. Thus far, companies have managed to limit the impact of these levies on corporate earnings by pre-shipping goods, drawing down inventories and scaling back price discounting, however these adjustments are likely to have run their course heading into the second half of the year.

Recent Developments

We continue to hedge market risks through careful stock selection and targeted option writing strategies, with equity dividends and option premiums providing steady income over time.

Related Party Transactions

The Manager is responsible for the day-to-day operations of the Fund and provides management services to the Fund, including the marketing, promotion, and distribution of the Fund; transfer agency services; and unitholder reporting and servicing. In consideration of the management services, the Fund pays management fees, which are accrued for daily, to the Manager based on the average NAV of the applicable class of units of the Fund. The Manager pays for dealer compensation, or service fees, if any, out of management fees.

Total management fees for the period ended June 30, 2025 amounted to \$26,071 (June 2024: \$86,268) with \$1,545 (Dec 2024: \$21,890) in outstanding accrued fees due to the Manager at June 30, 2025.

(a) Management Fee

To encourage very large investments in the Fund and to achieve effective management fees that are competitive for these large investments, the Manager may agree to waive a portion of the management fee that it would otherwise be entitled to receive from the Fund or a Unitholder with respect to a Unitholder's investment in the Fund. An amount equal to the amount so waived may be distributed to such Unitholder by the applicable Fund or the Manager, as applicable (called a "Management Fee Distribution"). In this way, the cost of Management Fee Distributions is effectively borne by the Manager, not the Fund or the Unitholder, as the Fund or the Unitholder, as applicable, are paying a discounted management fee. Management Fee Distributions, where applicable, are calculated and credited to the relevant Unitholder on each business day and distributed on a monthly basis, first out of net income and net realized capital gains of the Fund and thereafter out of capital. All Management Fee Distributions are automatically reinvested in additional Units of the relevant class of the applicable Fund. The payment of Management Fee Distributions by the Fund or the Manager, as applicable, to a Unitholder in respect of a large investment is fully negotiable between the Manager, as agent for the Fund, and the Unitholder's financial advisor and/or dealer, and is primarily based on the size of the investment in the applicable Fund. The Manager will confirm in writing to the Unitholder's financial advisor and/or dealer of any Management Fee Distribution arrangement.

The Manager incurs operating expenses on behalf of the Fund and is then reimbursed by the Fund for such expenses.

National Instrument 81-107 Independent Review Committee for Investment Funds ("NI 81-107") requires all publicly offered investment funds, such as the Fund, to establish an independent review committee ("IRC"). Consequently, the Manager has appointed three independent IRC members. The purpose of the IRC is to: (i) review and provide input on the Manager's written policies and procedures that deal with conflict of interest matters; (ii) consider and, if deemed appropriate, approve the Manager's decision on a conflict of interest matter that the Manager refers to the IRC for approval; and (iii) perform such other duties as may be required of the IRC under applicable Canadian securities laws. Additional information about the IRC is available in the Fund's prospectus. Fees are paid to the IRC members for the performance of their duties.

The total remuneration paid to members of the Independent Review Committee allocable to the Fund during the period ended June 30, 2025 was \$6,288 (2024: \$2,875). There were no outstanding payables relating to Independent Review Committee fees as at June 30, 2025.

Veritas Next Edge Premium Yield Fund Semi-annual management report of fund performance – June 30, 2025 Financial highlights (continued)

- 1. This information is derived from the Fund's unaudited financial statements for the period ended June 30, 2025.
- 2. Net Assets and distributions are based on the actual number of units outstanding at the relevant time. The increase (decrease) from operations is calculated based on the average number of units outstanding over the period. Therefore, the beginning of period Net Assets, the increase (decrease) from operations and distributions, if any, will not sum to the end of period Net Assets.

NAV per unit (CAD)	12.24	11.49	10.52	

- 1. This information is provided as at June 30, 2025.
- 2. Management expense ratio is based on total expenses (excluding distributions, commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of daily average net asset value during the period. The management expense ratio is calculated in accordance with Part 15 of NI 81-106.
- 3. The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value during the period.
- 4. The Fund's portfolio turnover rate indicates how actively the Fund's Manager manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher the Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund.

Veritas Next Edge Premium Yield Fund Semi-annual management report of fund performance – June 30, 2025 Financial highlights (continued)

Management Fees

Annual Management Fees (% of net asset value of the class of the Fund)			
Class	Management Fee ^{1,2}		
Class A Units	1.80%		
Class F Units	0.80%		
Class I Units	A negotiated management fee directly to Next Edge (up to a maximum of 0.80%)		

- 1. Plus applicable HST.
- 2. The Manager may from time to time, in its own discretion, waive a portion of the management fee resulting in a reduction of the management fee charged. To the extent a portion of the management fee is waived, the Manager reserves the right to stop such waiver at any time and without notice to, or the consent of. Unitholders.

For its services to the Fund, the Manager is entitled to receive from the Fund a management fee (the "management fee") at (up to) an annual rate of: (i) 1.80% of the portion of its NAV represented by the Class A Units, (ii) 0.80% of the portion of NAV represented by the Class F Units, and (iii) a negotiated portion of the NAV (up to a maximum of 0.80%), calculated daily and paid monthly in arrears, plus applicable taxes. The Manager uses these management fees to pay for sales and trailing commissions to registered dealers on the distribution of the Fund's Units.

The Fund pays its own operating expenses, other than advertising costs and costs of dealer compensation programs, which are paid by the Manager.

Annual management fees, and a breakdown of the services received in consideration of the management fees, as a percentage of management fees, for the period ended June 30, 2025, are as follows:

	As a percentage of management fees			
	Annual		General administration,	
Class of Units	Rates	Dealer Compensation	investment advice and profit	
A	1.80%	55.56%	44.44%	
F	0.80%	0.00%	100.00%	

Veritas Next Edge Premium Yield Fund Semi-annual management report of fund performance – June 30, 2025 Past performance

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional securities of the Fund. The performance information shown does not take into account sales, redemption, distribution or other optional charges that would have reduced returns or performance. How the Fund has performed in the past does not necessarily indicate how it will perform in the future.

The Fund launched October 15, 2021, but did not trade according to its investment objectives until June 27, 2022.

Reported returns are as follows from the first day to the last day of each fiscal period shown: October 15, 2021 (the Fund's inception date) to December 31, 2021; January 1, 2022 to December 31, 2022; January 1, 2023 to December 31, 2024; and January 1, 2025 to June 30, 2025.

Year-by-Year Returns¹

- 1. Returns for the period ended June 30, 2025 are from each Class' issuance dates. Class issuance dates used for calculation are October 15, 2021 for Class A, and June 28, 2022 for Class F.
- 2. For the six months January 1, 2025 to June 30, 2025.

Veritas Next Edge Premium Yield Fund Semi-annual management report of fund performance – June 30, 2025 Summary of investment portfolio
